

LIST PRICES FOR LATTNER BOILERS & ACCESSORIES

Effective: April 1, 2010

AVAILABLE FOR DOWNLOAD AT WWW.LATTNER.COM

To our dealers and representatives:

Enclosed are new price sheets for our boilers, condensate returns systems, blowdown separators, and accessories. These price sheets supersede all previous price sheets.

Unprecedented increases in such areas as energy, ASME quality steel, copper, and O.E.M. purchased parts have made this price adjustment necessary.

New prices will become effective on April 1, 2010.

Orders placed on the telephone, by fax, by email, or postmarked on or before March 31, 2010, requesting shipment within 60 days, will be honored at November 1, 2008 prices.

Thank you for your continued efforts on Lattner's behalf.
